Date of Manufacture

We hereby confirm that Artline epoxy resins have the following shelf life when stored under the recommended conditions:

- **2 years from the date of manufacture** — in the original, unopened, hermetically sealed packaging;
- **1 year after opening** — provided that the product is stored correctly in a dry environment at **20–25°C**, with the container tightly closed and protected from moisture and direct sunlight.

Rules for Date-of-Manufacture Marking

Artline uses a standard marking system applied on the factory label of each product:

1. The **date of manufacture** is applied to every unit of the product, specifically **on the cap of the canister**.
2. The marking may contain either:
 - the date in the **DD/MM/YYYY** format, or
 - the date in the **YYYY/MM/DD** format.

We confirm that our products undergo strict quality control, including raw material stability testing and storage in accordance with European standards.

If you require additional documentation (certificates, MSDS safety data sheet, technical specifications), we will be pleased to provide it upon request.
